

Job Announcement

Clean Trucks Director

- Location:** Ideally in Brussels, Belgium (Other locations to be evaluated, but frequent travel to Brussels is required)
- Salary:** 58K-65K Euros based on experience.
- Contract:** Full time, employment contract for Belgium based candidates.

[Transport & Environment \(T&E\)](#), Europe's leading clean transport think tank and campaign group, is looking to strengthen its leadership team with a director to lead Europe's most important **clean freight programme**. Fast growing emissions from trucks and vans now account for a quarter of transport emissions in Europe.

As T&E Clean Trucks Director you will design a **winning strategy to decarbonise goods transport in Europe**. You'll be leading a team of 3 in Brussels and coordinate the work of our partners at national level.

Specifically, you will:

1. Lead on building and implementing T&E's EU regulatory and political strategy focusing on key regulations such as the EU truck, bus and van CO2 standards, EURO VII standards, truck infrastructure regulations, pricing instruments & test procedure development.
2. Lead a growing team of policy and analytical staff, overseeing their professional development and guiding their work to achieve T&E's clean trucks priorities.
3. Support the building and implementation of national strategies in key national markets such as Germany, France and the UK.
4. Further develop T&E's advocacy strategy towards high level EU and national regulators, politicians, and media, presenting at high level meetings and events across Europe.

5. Lead on T&E's efforts to build partnerships with key freight industry players such as hauliers, logistics companies and leading shippers.
6. Commissioning and delivery of impactful research (including market research, testing etc).

The successful candidate should meet the following requirements:

- Five to ten years of relevant experience in either the clean transport business or (EU) advocacy - ideal candidates have both or will convince us they can learn the other skill very quickly.
- The ability to develop short, medium and long term strategies designed to create change in a complex and at times conservative industry.
- Proven leadership skills and an effective coaching and management style.
- Experience in coordinating joint projects across multi-stakeholder networks.
- A positive, can-do attitude with high work autonomy
- The ability to understand and communicate complex issues clearly and with impact.
- A solid grasp of the EU political system and the role of member states in EU decision making
- A proven record of cultivating contacts and building lasting alliances
- Fluency in English, other European languages would be an asset.

Other info:

- The position will be primarily based in Brussels but would involve travel to key EU capitals. Strong candidates based in other locations will be considered, but the post holder will require to frequently travel to Brussels.
- T&E will offer you a competitive salary in line with your experience and expertise, extensive benefits, and exceptional flexibility. T&E have offices in several EU countries, and we're open to flexible working arrangements including part-time home working.
- Equally importantly, if you join T&E you'll have the opportunity to devote your professional energy and creativity to the resolution of one of mankind's greatest challenges.

About [Transport & Environment \(T&E\)](#)

T&E is Europe's leading clean transport campaign group. Our vision is a zero-emissions mobility system that is affordable and has minimal impacts on our health and environment. Since we were created 30 years ago, T&E has shaped some of Europe's most important environmental laws. We got the EU to set the world's most ambitious CO2 standards for cars and trucks but also helped uncover the Dieselgate scandal; we campaigned successfully to end palm oil diesel, secured a

global ban on dirty shipping fuels and the creation of the aviation ETS, the world's largest carbon market for aviation to name just a few.

We combine the power of robust, science-based evidence and a deep understanding of transport with powerful communications and impactful advocacy. Our staff in Brussels, Rome, Madrid, Berlin, Warsaw and London collaborate with our 60 national member and supporter organisations. All together our members and supporters represent more than 3.5 million people.
